THE POWERFUL TOOLS AND FINANCIAL RESOURCES OF THE COUNTY IMPROVEMENT AUTHORITY SPUR DEVELOPMENT

The Chamber welcomes Gerard (Jerry) Velazquez, III, President and CEO of the Cumberland County Improvement Authority, who has led the transformation of the authority from mainly the operator of the county solid waste complex and recycling program to a leader in development and redevelopment projects. With his leadership and innovative approaches and the support of the CCA Board, the Board of Freeholders and public and private sector partners, 9 projects totaling \$109 million dollars in public and private investment and many new jobs have been completed. The CCA improves more than facilities and buildings. They are doing their part to make Cumberland County the best it can be.
