

A Special Event Presented by the
Cumberland County Chambers of Commerce

State Funding & South Jersey ...

Not Getting Our Fair Piece of the Pie

- *It has long been speculated that South Jersey, in comparison to the rest of the State, does not receive a representative share of public funding.*
- *Professor Michael Hayes' study, "Our Piece of the Pie: The Distribution of State Funds to Municipalities Across NJ Regions," provides the first empirical data to prove that the perceived disparity in funding is real.*
- *His study found South Jersey's most economically distressed municipalities receive significantly less state funding assistance than similarly distressed areas in other parts of the State.*
- *The Cumberland County Chambers of Commerce invite you to learn more about the study and to start the discussion of what can be done.*

Featuring Michael Hayes, Ph.D.
Assistant Professor of Public Policy,
Rutgers University—Camden

Featuring Darren Spielman, Ph.D.
Exec. Director, Sen. Walter Rand Institute for
Public Affairs, Rutgers University—Camden
